Dear Dr. Helfman:

The Scientific Director and CTR's staff have discussed your request for additional support of the NSF-EMBO Workshop *"Spliceosome Assembly & Tissue Specific Splicing"* to be held in Bandol, France, September 2-6, 1990.

Although our conference budget is essentially exhausted this time of year, we recognize the fundamental importance of the topic and we hope the meeting will be a landmark event. Therefore, I am pleased to tell you that we are making an additional contribution of $500.00 (total $1,000.00) to help defray the costs of the conference. A check for that amount is enclosed with this letter. As before, it would assist in our record-keeping if we could have a short written acknowledgement of the contribution.

As usual, we request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector.

Sincerely,

Harmon C. McAllister
